

Graduate Group in Epidemiology PhD Grad Map

The following are suggestions based on previous student experiences. Please note that not all of these are required. Timing of these events will vary based on individual student needs.

	Year One	Year Two	Year Three	Year Four +
Achieve Your Academic Goals	<ul style="list-style-type: none"> Complete required coursework (EPI 202, 203, 204, 205, 206, 207, 208). Note that PHR 266 may be taken in place of EPI 208). See link for more information: https://gge.vetmed.ucdavis.edu/gge-curriculum Meet with faculty to find an advisor. Actively search for a mentor with a project and funding in your area of interest. Aim to find someone by the end of the year. See link for list of GGE faculty: https://gge.vetmed.ucdavis.edu/faculty-and-staff Around the start of spring quarter, evaluate when you want to take the written exam. All coursework except for EPI 208 must be complete before the Prequalifying Written Examination (see first bullet above for classes offered). The written exam is offered once a year. Students usually take it in September right before their second year. A comprehensive study guide will be sent out once a meeting is set up to discuss the written exam (usually in May). 	<ul style="list-style-type: none"> Take EPI 208 during Fall Quarter Research units can be taken if needed in order to meet minimum unit requirements. See Student Affairs Officer (Tami Ali) to obtain CRN. If you do not have a research topic yet, begin to outline your research project. Set up regular meetings with your major professor to discuss progress and set deadlines. Set up a meeting with your academic advisor to discuss the Oral Qualifying Exam (QE) and provide input on your desired committee. (Note that your Oral QE committee is different than your dissertation committee.) Start thinking about your dissertation committee. Your faculty advisor can help with this. 	<ul style="list-style-type: none"> Continue your research and start your data collection and writing. Continue checking in with your major professor to set deadlines. Complete the 299 Research Agreement form with your advisor so that both of you stay accountable. Ask for feedback with your writing. Remember that turnaround time may be long! 	<ul style="list-style-type: none"> Plan your Exit Seminar / Defense Present your research to GGE students as practice. Review graduation requirements. Try to complete one chapter and have it published by the end of your fourth year.

	Year One	Year Two	Year Three	Year Four +
Maximize Research Impact	<ul style="list-style-type: none"> Attend conferences. Check with your major professor to ask which conferences to attend. Some general annual conferences: Society for Epidemiologic Research (SER), American College of Epidemiology (ACE), American Public Health Association (APHA). Apply for funding. Apply to the annual call for travel awards Apply for the GGE Fellowship Explore the possibility of writing a grant with your major professor to secure funding (if needed). 	<ul style="list-style-type: none"> Present your work at conferences. Ask your major professor which conferences to submit your research to. Apply to the annual call for travel awards Apply for the GGE Fellowship Consider participating in Grad Slam 	<ul style="list-style-type: none"> Present your work at conferences.
