Notes:

EPI 209, History of Epidemiology in Public Health, will be held Winter 2025.

Courses are subject to change, including course times and locations.

[Elective courses](#) are offered on a variable schedule and may not be offered during the period you will be taking coursework or at a time that doesn't conflict with core Epidemiology coursework.

If you do not see an elective you are looking for in the [Class Search Tool](#) or [Schedule Builder](#), contact the Graduate Coordinator of the department offering the course for additional information.
